waiting for the time to be just right
gonna have some blood filled fun tonight
stirring a feast just right for you
gonna cook your friends and your daughter too!

[Chorus]

gonna have a bloodfeast tonight
gonna have a bloodfeast tonight
gonna cook some arms up tonight
gonna have a bloodfeast tonight

cops working late looking for a clue
while i'm out chopping virgins for my stew
the cops are in for a real surprise
gonna kill a girl and i'll take her eyes

[Chorus]

and now i'm so excited, the time has come
for the feast to start cause the killings done
i hope that the bloody mess that i've spilled
will be eaten with all the girls i've killed

[Chorus]

[x2]
