And stripes on fire, these hands are tired
I'm making plans to drink away
And all these words I can't escape
I have to try to make you stay

Because I'm alone
Stay with me this time
Stay with me this time

Because what I'm feeling inside
I'm troubled or maybe I'm blind
But I just can't see
How this is helping me

The stars are burning bright
Like the light that lights your eyes
Why couldn't I see
That you were leaving?

Because I'm alone
I need someone, someone to be my friend
But I can't take anyone
Who can't stay until the end

Because I'm alone
Stay with me this time
Stay with me this time

And the stars are burning bright
The smoke is rising high
The stripes are on the street
From the mountain to the sea

'Cause friend you've done me wrong
Left the spoils to the strong
And preyed upon the weak
There's an end to you and me

'Cause a friend can understand
That there's no trust to be had
You're just bouncing on your strings
A puppet on a screen

I'm not sure when you left
But it started with that theft
It seems it's been so long
