Human, dwarfen, elfen, gnomen!

(Give it to em KJ)
And here I come
(Give it to em KJ)
And the Legion
(Give it to em KJ)
Names Kil'jaeden

And all the Naaru say Im pretty fly
For a Draenei
Kil'jaeden gives chase,
So we're plummeting through space

Ya know it's kinda hard to be Eredar today
When Gul'dans orcish army ravaged your entire race
So you joined the Naaru, used your frequent flier miles
Hopped into a ship, and crashed down on Azuremyst
Isle

So out of place, the new Alliance race
I didn't know that Warcraft had gypsies from outer
space
Got a racial heal, you can barely feel
A blue skinned race, with hooved goat legs
Didn't make it far, on the Exodar
It must be hard to drive with a squid up on your face

Kil'jaeden's still coming, so
Hey, Hey!
Do that Naaru thing!

(Give it to em KJ)
And here I come
(Give it to em KJ)
And the Legion
(Give it to em KJ)
Names Kil'jaeden

And all the Naaru say Im pretty fly
(For a Draenei)

They need some strong friends cuz
They're picked on every day
But they lost their family jewels
So they'd run away
He has to ride an Elekk, just to carry his fat ass
But take cover if he's commin cuz you know he's gonna
crash!

So out of place, the new Alliance race
I didn't know that Warcraft had gypsies from outer
space
Got a racial heal, you can barely feel
A blue skinned race, with hooved goat legs
Didn't make it far, on the Exodar
It must be hard to drive with a squid up on your face

Kil'jaeden's still coming, so
Hey, Hey!
Do that Naaru thing!

Yeah
They made some cool toons
As far as fantasy goes
But this ones a cross between
a smurf, a goat and Davey Jones

Yeah I know that they're Alliance
My mortal enemies
But im still gettin some tail
And I mean literally

(Give it to em KJ)
And here I come
(Give it to em KJ)
And the Legion
(Give it to em KJ)
Names Kil'jaeden

Kil'jaeden gives chase,
So we're plummeting through space

So out of place, the new Alliance race
I didn't know that Warcraft had gypsies from outer
space
Got a racial heal, you can barely feel
A blue skinned race, with hooved goat legs
Didn't make it far, on the Exodar
It must be hard to drive with a squid up on your face

Kil'jaeden's still coming

The legion is still coming
But their cowardice is baffling
Hey, Hey!
Do that Naaru thing!
