You've always been there
I know I can depend on you
When my world fell down,
You're the only one who remained true
Here you are again, just like you've always been,
And I know, you will always be

CHORUS:

You're my rock star,
Here to shine for all to see
You're my superstar,
A light to set each other free
Never get that far,
If you choose to ever leave
You're a star, you will always be

We need to be there
We've got to have each other's back 'Cause,
We will all have times,
When the sky will fade to black
The choice is yours and mine
Will we lose or will we rise
The time has come,
To spread our wings and fly

CHORUS 2:

We're all rock stars,
Here to shine for all to see
We're superstars,
A light to set each other free
Never get that far,
If you choose to ever leave
You're a star, you will always be

We've been placed here
In this great universe
One family
Reflecting the sun
Don't forget, we are always one

REPEAT CHORUS 2

Rock stars,
We're superstars,
Never get that far,
You're a star, you will always be

You will always be, my rock star baby
Rock star
You're my superstar
