My name is vic i'm gonna do a lil trick
i'm gonna play my bass without usin a pick
travel round the world and back again
just takin my bass out for a spin

if you know what i'm sayin

and if you ever lookin for me
i don't go too far
cuz if you really wanna find me
you know where i are

with me and my bass guitar

you say it

me and my bass guitar

that's right

you see i try to eat right
take care of my health
set myself up don't upset myself
cuz i improvise call and add lib
and if you ever come to my house
i'll tell you what you see
a house full of nothin
just my four strings and me

and if you ever lookin for me
i don't go too far
cuz if you really wanna find me
you know where i are

with me and my bass guitar
