I've got this thing for U stay on mind
I know U feel it too easy to describe
My heart is open wide and I send praises to the sky
Sometimes I just don't know what to do with myself
Yes, I've been carrying on and U know why
The love U give me takes my spirit so high
And my senses come alive
U got me on this roller coaster ride that I don't ever
want to
end

I love U since the moment that we met. There's a spark
in me and
I will never forget
U lit a fire inside of me and there's no place I'd rather
be
Sometimes I just don't know what to do with myself
Love, I'll be there for U whenever U call. Baby, U've got
my
soul, my heart, U've got it all
Until the sun ceases to shine and there's no moon up in
the sky,
I'm gonna be right here.
So, let's keep this love...

Going on and on and on and on. Baby U're good for
me. I'm
feeling the good in U
So, let's keep going on and on and on and on and on
I know that this is how it feels to be loved
So, let's keep going on and on and on and on and on
Baby U're good for me. I'm feeling the good in U
So, let's keep going on and on and on and on and on
I know that this is how it feels to be loved

We both made vows to be one for the infinite now we in
it,
under dogs, least likely to take the pennant
Who are we now deep in the mix of our second child
And our life meter teeters and varies contained too
wild

and true indeed sometimes it's over my head and hard
to breath,
to suffer is all I see and light at the end is hard to
conceive
Yo, but the story keeps going and flowing and so,
we gotta keep on knowing and showing that we here to
stay
nothing can steal our love away so we moving on and
ah, moving
on and ah...
