I remember back years ago I lived my life without too
many cares,
y'all
And the truth of mine so hard to find was hidden there
between
so many lies
As the shadows roll across my face the light appears
and show
another side now
Things I shoul know, no one told me, now I must go and
I'm
begging U tonight...

Say a prayer for me. Don't know where I'm gonna be, as
I go on
this journey
Say a prayer me, uh, I'll say a prayer U
Don't know where I'll end up. As I empty out my cup. So
please
say a prayer for me
Say a prayer for me and I'll say a prayer for U

Now I lay myself down to sleep I pray my Lord will send
me
someone to greet me
As the light appears it seems so clear the things I didn't
understand before
Now I'm looking over all my years I see now who the
angel was
beside me
If I hurt U please forgive me. I still need U and I'm
begging U
tonight...

Say a prayer for me. Don't know where I'm gonna be, as
I go on
this journey
Say a prayer me, uh, I'll say a prayer U
Don't know where I'll end up. As I empty out my cup. So
please
say a prayer for me
Say a prayer for me and I'll say a prayer for U

Everybody needs a prayer sometimes something to
know that U care
when I'm
Searching so long and hard to find a little bit of piece
of
mind
On my knees asking please, will U say a prayer for me?
Ask and U shall receive. It's hard to live in times like
these
Fulfilling prophecies, over seas they're living with
tragedies
It's hard to know what to do, say a prayer for me I'll
play my
prayer for U

Say a prayer for me. Don't know where I'm gonna be, as
I go on
this journey
Say a prayer me, uh, I'll say a prayer U
Don't know where I'll end up. As I empty out my cup. So
please
say a prayer for me
Say a prayer for me and I'll say a prayer for U
