Come on in and take a seat, hear what I have to tell.
About a pretty little lady, she's my girl.
All the men adore her and with me that is OK.
'Cause if u look u'll see she still with me at the end of
each day.

(Chorus) Everybody wants my pretty little lady.
Everybody wants my pretty little girl.
Everybody wants my pretty little lady.
Everybody wants my pretty little girl.

Pretty little lady's gonna come see me at noon.
I've got to wake up early just to make sure I'm in tune.
All the men, they try to win just like it is a game.
"But let me tell u Rover the game is over. What's my
name? VICTOR"

(Chorus)

She loves me. I know this.
She doesn't have to tell me so.
She thrills me with one kiss.
And when u see her u will knowÂ...

(Chorus),
Bass solo,
Instrumental bridge,
