I haven't seen you in a while, since you sparked the flame

We had the joys and pain, the sunshine and rain  
Now you got your man, I got my staff and we laugh  
Then I realize.. it was something in the past

Yo you look good, how you been?  
How's my little man, how's he doing?  
And umm.. did you get the package that I sent?  
I hope that he knows that there's someone who loves him

But I'm gettin vexed at you and I  
I can't front baby, yeah you still look fly  
And as I try, to get my words together  
There's a lot of nice times that I start to remember  
The good shit always outweighed the bad  
I never wanted to make you sad  
So think of me, as one man  
who has crazy respect for you, as a woman  
Although the plans didn't work out  
It doesn't mean I won't look out  
For you and yours, I wish you the best  
because it's over I guess

I haven't seen you in a while, since you sparked the flame

We had the joys and pain, the sunshine and rain  
Now you got your man, I got my staff and we laugh  
Then I realize.. it's something in the past

Now I'm livin the life, of a true mack  
Devoted to my music, tryin hard not to look back  
But on occasion I can see your face  
The memories, they got me driftin a little taste  
But now you're doin your thing, I'm takin care of mine  
And so we're movin on, leavin the past behind  
I guess relationships they ain't for me  
That's why I had to set you free

I haven't seen you in a while, since you sparked the flame

We had the joys and pain, the sunshine and rain  
Now you got your man, I got my staff and we laugh  
Then I realize.. it's something in the past

Haven't seen you in a while, since you sparked the  
flame  
We had the joys and pain, sunshine and rain  
Now you got your man, I got my staff and we laugh  
Then I realize.. it's something in the past

My personality is magnanimous  
That's why the ladies always cause a fuss  
It's in the past what we had  
Aiiyyo respect to your moms and peace to your dad  
I'm glad, that we've been through this  
because you know what? I've noticed  
a lot about myself, see I wanna gain wealth  
They say, that chasin women is bad for your health

I haven't seen you in a while, since you sparked the  
flame  
We have the joys and pain, the sunshine and rain  
Now you got your man, I got my staff and we laugh  
Then I realize.. it's something in the past

Haven't seen you in a while, since you sparked the  
flame  
We had the joys and pain, the sunshine and rain  
Now you got your man, I got my staff and we laugh  
Then I realize.. it's something in the past

Somethin in the past  
Somethin in the past  
These moments never last  
Somethin in the past

Dedicated to all the ex girls  
You know I'm on with the next girl  
Peace
