Dirt and grease
The seductive sin
Green tattoos, hands all over
Life starts over again

The cement floor
The garage door
Screwdrivers, fingers inside her
Down on all fours

Drilling and drilling
I open up my eyes
Disconnect these feelings
Come inside tonight

Legs are opened
Pure unleaded love
Sweat drips black, rolls her crack
The tip of her spine

The ceiling moves
Smearred blood soothes
9 MM sockets, hands can't block it

Drilling and drilling
I open up my eyes
Disconnect these feelings
Come inside tonight

You'll never sleep anymore

Drilling and drilling
I open up my eyes
Disconnect these feelings
Come inside tonight
