Fifteen. Pure and clean.
Innocent
(Innocent)
And lost sheep, secrets I keep
Under lock and key
Someone help me

So look
At me
Feel like a super star
I can impress your mind, I swallow
Sorry, sorry
I'm so scared so I try
I confide in nothing
I just hide

Lips meet
Secrets repeat
All over again
(Again)
Upset
Forget we met
Why I wish it away
Only if I could

So look at me
Feel like a super star
I can impress your mind
I swallow
Sorry, sorry
I'm so scared so I try
I confide in nothing
I just hiiiiiiiiide, Ah

Some things are better left unsaid
Some things are better forgotten

Some things are better held inside
Some things are better forgotten

Some things are better left unsaid
Some things are better forgotten

Some things
Some things
Some things
Are
better(better x12)

No one will ever understand me
No one to hold my hand

I got you
I hold you
I'll take you on a hell of a ride
I'll break you
I'll make you
In your head you can't hide

Some things are better left unsaid
Some things are better forgotten

Some things are better held inside
Some things are better forgotten
Some thing yes
Some thing yeah
Some things are better left unsaid
Some things yes
Some things yeah
Some things yes
Some things yeah
Some things yeah
Some things yeah
Some things yeah
Some things
Are better forgotten
