My birthday present to you, that is from two years ago
if I remember correctly
I can't pay for high priced things and the like... so I
used my body

My birthday present to you, that is from one year ago if
I remember correctly
I can't pay for high priced things and the like... so
tonight you get the obscene full course

You say with a delighted raised voice "Thank you!"
A mixture of a murmur and a pant
You say with a climaxing raised voice "Thank you!"
Well, you are completely mine

Obscene animal lewd talented woman

My birthday present to you
For the first time today
Rob the Oote bank "give the money"
Together we'll run away overseas
I'll be your companion

You say expressionlessly "More than this, if you're just
with me that's enough"
If I am a pure guy and will be impressed
"Because it's okay, hold me now"
Well, I am certainly yours
