Little child, be not afraid
The rain pounds harsh against the glass
Like an unwanted stranger
There is no danger
I am here tonight

Little child
Be not afraid
Though thunder explodes
And lightning flash
Illuminates your tearstained face
I am here tonight

And someday you'll know
That nature is so
This same rain that draws you near me
Falls on rivers and land
And forests and sand
Makes the beautiful world that you see
In the morning

Little child
Be not afraid
The storm clouds mask your beloved moon
And its candlelight beams
Still keep pleasant dreams
I am here tonight

Little child
Be not afraid
The wind makes creatures of our trees
And the branches to hands
They're not real, understand
And I am here tonight

And someday you'll know
That nature is so
This same rain that draws you near me
Falls on rivers and land
And forest and sand
Makes the beautiful world that you see
In the morning

For you know, once even I
Was a little child
And I was afraid
But a gentle someone always came
To dry all my tears
Trade sweet sleep for fears
And to give a kiss goodnight

Well, now I am grown
And these days have shown
Rain's a part of how life goes
But it's dark and it's late
So I'll hold you and wait
'til your frightened eyes do close

And I hope that you'll know
That nature is so
This same rain that draws you near me
Falls on rivers and land
And forests and sand
Makes the beautiful world that you see
In the morning

Everything's fine in the morning
The rain will be gone in the morning
But I'll still be here in the morning
