He says no one's gotta be high to know it  
But it helps  
See for yourself  
You don't need to barely get by to know it  
But total darkness is hard to find  
Stars drinking dry your mind  
So it helps  
See for yourself

Someday my rain in england  
Someday  
Someday morocco pulsates  
Someday  
Someday mystery  
Evolves to familiarity  
Twist yourself until you break  
And wake

Two hands  
A lighter  
Drops of water on my glasses  
Yellowed water in my glass  
I can't hold on  
Gets brighter  
I can't come back to where it passes  
Let this pass

Someday my rain in england  
Someday  
Someday where she became her  
Someday

And I grieve and I grieve and I grieve  
This isn't me  
Touch the wood taste the cedar  
Smell the asphalt in the street  
Gets brighter  
This isn't me

He says the summer slipped on by without a dream  
To hold on to

And that it's wrong to  
And you can live your lie without a dream  
But total lightness is rare indeed  
Winter solstice where you bleed  
So hold on to  
What is wrong to

Twist yourself until you break  
And wake
