Soon, love, soon
Soon, love, soon
Soon, love, soon

There'll be a fire burning in the temple of our peace
(Soon love soon)
There'll be the soaring voice for a silent plea
(Soon love soon)
We will hold a broken circle and begin to pray
(Soon love soon)
We will find a black and white in the grey

And we will be as one god
And we will be as one people
And we will be as one god
And we will be as one people

(Soon love soon)
We will find illumination in unnatural light
(Soon love soon)
You will travel a thousand miles without leaving my
sight
(Soon love soon)
We will find we never knew hatred ran so deep

(Soon love soon)
Such a wide, wide chasm of faith to leap

But we will be as one god
And we will be as one people
And we will be as one god
And we will be as one people
Yes we will be as one god
And we will be as one people

(Soon love soon)
There'll be an evolution of the human soul
(Soon love soon)
We will know that to be a part is to be truly whole
(Soon love soon)
We will know the pattern of centuries' rise and fall
(Soon love soon)

We will know that the fate of one is the fate of all

And we will be as one god

And we will be as one people
