(P. Colman, J. Quirit)

Sweet Jesus what went wrong?

There's a sign on my heart saying nobody's home

She's walking with tears in her eyes

they say she doesn't know me

But I know it's a lie 'cause I see

I see her love and I know

I wonder which one is sane?

When one's so scared and the other so brave

She's got angel wings under her claws

But she's not gonna show them just to prove her devotion

And he he's a hungry lion waiting for prey

Chorus

And I see

Two choices in front of me

What will it be?

Will I trust in you or trust in me?

What will it be?

Sweet Jesus which is real?

I can't deny the things she makes me feel

We're all looking for a kind of love

That makes you want to run out

and give yourself up

And grace is the lining of your soul

Chorus

When I'm outside I'm alive

but the air in here is so thick with lies

And tonight I surrender to you

To you

Chorus
