"Dance Floor"

Visit "[Dance Floor](#)" on MotoLyrics.com

I wanna feel that,
I wanna feel that, that my future's still comin'.
I walk into the night, and from the city lights,
But my mind is still runnin'.
I could see your face again,
I could see my old friends, in my sweet imagination.
(sweet imagination)
I walk into the street, and from the city beat,
But my mind is still racin'.

The dance floor isn't there no more,
But my body's still movin'.
Tell me, do you know,
Where are we to go, when our world is so confusing?

Ooh, I wanna go there,
Temptations fill the air in my sweet recollection. (sweet recollection)
Ooh, I see a "For Sale" sign,
Where we made up our minds to be more than just good friends.

The dance floor isn't there no more,
But my body's still movin'. (my body's still movin')
Tell me, do you know,
Where are we to go, when our world is so confusing?
(my world is so confusing)

You know the dance floor isn't there no more,
But my body's still movin'. (my body's still movin')
Tell me, do you know,
Where are we to go, when our world is so confusing?
(my world is so confusing)

You know the dance floor (dance floor, dance floor)
Isn't there no more. (there no more, there no more)
You know the dance floor (dance floor, dance floor)
Isn't there no more. (there no more, there no more)

When our world is so confusing... [8x]

I walk into the night, and from the city lights,
But my mind is still runnin'. (mind is still runnin')
I wanna feel that,
I wanna feel that, that my future's still comin'.

The dance floor isn't there no more,
But my body's still movin'. (my body's still movin')
Tell me, do you know,
Where are we to go, when our world is so confusing?
(my world is so confusing)

You know, the dance floor
(dance floor) isn't there no more, (there no more)
But my body's still movin'. (my body's still movin')
Tell me, do you know,
Where are we to go, when our world is so confusing?
(my world is so confusing)

You know, the dance floor (dance floor, dance floor)
Isn't there no more. (there no more, there no more)
You know, the dance floor (dance floor, dance floor)
Isn't there no more. (there no more, there no more)

You know, the dance floor,
'Cause they're in trouble,
Isn't there no more. (there no more, there no more)

You know, the dance floor,
They're in trouble,
Isn't there no more.
