Avevo un camerata  
When you're falling awake and you take stock of the  
new day  
Il migliore che c'era  
And you hear your voice croak as you choke on what  
you need to say  
Per la pace e per la guerra  
Well, don't you fret, don't you fear  
Noi andiam su questa terra  
I will give you good cheer  
Marciando insieme  
Life's a long song  
Ma la mitraglia abbaia  
Life's a long song  
Chi di noi dovrÃ  morir?  
Life's a long song  
Nella polvere Ã  la tomba  
If you wait then your plate I will fill  
E il suo corpo giÃ  sprofonda

E il mio cuore lacerÃ²  
As the verses unfold and your soul suffers the long day  
Il mio cuor lacerÃ²  
And the twelve o'clock gloom spins the room

You struggle on your way  
La mia man voleva prendere  
Well, don't you sigh, don't you cry  
Ma il fucile caricÃ²  
Lick the dust from your eye  
Addio dunque addio fratello

Sia in cielo che in terra  
Life's a long song  
Sempre insieme noi saremo  
Life's a long song  
E sempre noi marceremo  
Life's a long song

We will meet in the sweet light of dawn  
As the baker street train spills your pain all over your  
new dress

And the symphony sounds underground put you under  
duress  
Well don't you squeal as the heel grinds you under the  
wheel

Life's a long song  
Life's a long song  
Life's a long song  
But the tune ends too soon for us all
