Human life expentancy  
No longer man a century  
There are those that would  
Cheat death if they could  
Most who die just pass along  
Assuming there's no choice at all  
Some just do not realize  
That there is sight in dead eyes

Th illusion of life  
Created by ignorance  
The end of life  
Prolonged by chance  
Death is cheated  
By one man's insistance  
Death depleted  
Delayed advance

Expiration date is spent  
And blood in veins turned sour  
Many days ago we passed  
Supposed final hours  
Unused organs start to swell  
Limbs begin to stiffen

Though life continues  
Death advances  
Avoidance of oblivion

(Solo: Ron)

(Chorus)

Grandpa Tolliver  
Passed away one night  
But he was like no other  
He just refused to die  
That stubborn old man  
Not looking death in the eye

(Solo: Ron, Brett)

Death ripens, flesh rots  
Rigor mortis, cane to walk  
Animation from belief  
Lips are blue  
Still they speak

Denial is a medication  
Oh to die, end our frustration  
Vital functions cease to work  
When will we believe?

(Solo:Ron)

(Chorus)
