Children working overtime  
To satisfy his whims  
Off scot free? Well I think not  
The three invade his dreams...

You won't be back toMorrow Vic  
Sneak preview never comes  
What a waste for just a taste  
Of blood filling your lungs

(Chorus)  
He took away two children's lives  
For entertainment's sake  
No thoughts for naught but his alone  
Their blood was his to slake

Where were the stunt men paid so much  
To take away the risk?  
The government inspectors  
Preventing things like this  
Decapitaion brings frustration  
And sorrow to the soul  
All the lawyers getting rich  
In this the headless hole

(Chorus)

(Solo: Ron, solo: Brett)

Children working overtime  
A fate we'd surely dread  
Please, just one last question sir  
Did they ever find his head?

(Chorus)

The man who brought us fantasy  
Has stung us with reality  
Millions spent  
But it's too late for them

I draw satisfaction

Knowing that he will  
Get his in the end...
