One, and here comes the two to the three and four  
Then I drop the beat I have in store  
Lay dynamics on the top like a rug  
Make it sound smooth and later make a dub  
An MC ate well, so that you can tell  
I am not illiterate, no not even a little bit  
Nothing like an idiot, get it?  
You want the record, cool, I'm with it  
Let the rhythm take you, shake it cause it makes you  
As I turn the knob of the door you escape through  
Go in like a knot, don't be a puff  
And I let it play cause Dre's getting funky enough

It's getting funky, it's getting funky (Repeat 3x)  
Watch the smooth lyrics that take place

If you want another reason why it must be funky  
Yo I am not a jackass meaning not a donkey  
So I will play the game like it should be played  
Drop the funk into the mix so the place will never fade  
Ship it the the stations in your jurisdiction  
Others say I'm dope, and the others say I'm bitching  
No crowd can avoid the D-O to the C  
When I'm P-E-R-F-O-R-M-I-N-G  
On the stage, see the simple fact is I engulf  
And known, I rock a funky beat without a cord so  
It is my conclusion you will enjoy the fusion  
And I will ascend with the style I am using  
Knowing that it's tough and it's not a bluff  
I think I'll let it play cause Dre's hitting funky enough

It's getting funky, it's getting funky (Repeat 3x)  
Dre make the funky hip-hop music so check it

Listen to the kick drop in with the click  
And with no rehearses I'm dropping funky verses  
Stupid with the bit that you think you are relying on  
You love it when it rattles is the fact that I'm buying on  
Suckers never come close cause of knowing  
There is no stopping the D.O.C. when I'm flowing  
But in the event that someone will try and juice this

Stop him in his tracks, show him that I am Ruthless  
I don't give a damn, don't think that I am joking  
Cause I don't think he is funny when you're messing  
with my money  
Yo people tell me this: "Yo Dre you must stop him"  
But with no frills, so I just drop him  
Continue with the rhyme and make sure I get mine  
With no static cause that's all I need to get my nine, but  
Lessons have been learned now all kidding have been  
fronting  
Let it play when the people say "Dre yo you're getting  
funky enough"

It's getting funky, it's getting funky (Repeat 3x)  
Deal with the D-O to the C

I'm your break so I can check around  
See who the hell who is sitting down  
I want all chairs off the floor  
And if he stands to the wall, show him the door  
And the PK nothing giving you something to rock to  
To go nonstop to, not have to look at the clock you  
Percieve, but can't believe you're being taken  
By a beat so cool you start shaking  
And shivering, cause I'm delivering the answer  
Haven't seen you're a hellified dancer  
You tried sitting but it just won't work  
Cause the beat is to fresh  
Don't even tell it won't be funky enough

It's getting funky, it's getting funky (Repeat 3x)  
And with the help of the Dr. Dre, kick it

It's getting funky on the mix now, right (Repeat 4x)  
Put it in the needle, and drop it on the one, boy
