[CHORUS]

(Since you were) always here  
(I even) wrote the songs (and all the) time we shared  
and if you can't say love (justice) will prevail  
(and even) love will over come (and all the) evil will fail  
and if you can't say love

[2MEX]

I'll say it for you  
travel the globe and tell everyone to aim LOVE towards  
you  
the feeling's better than bass drums  
I'm not the only person that's able to read the letter on  
your face hun  
I'll make an alternate ending  
It would all be worth it if I were to fall for defending  
the LOVE on my 12 inch is a LOVE that's unselfish  
above all the hellish because of your well wish

SCRATCH BREAK (DJ RHETTMATIC)

[CHORUS]

[LMNO]

It all starts with JAH LOVE gotta phillips head in a case  
for your screw face brought a new pace  
embrace grace cut the chase know our place  
in a world of anger with piles of waste we're some do-  
gooders  
with the filtration  
we're mexican islander euro african asian  
celebrate creator before creation (and all the) vision  
we're erasing

[ZEN]

Patiently taking all day waiting for the confrontations to  
cease  
and the nations to do as we've done  
replacement killers LOVE a good fight  
a goodnight kiss takes the queen but protects the  
king's life

while worldwide peace is just a figment and now is  
where we're livin'  
we can hold on to the vision, do our ancestors right  
by our decisions, thanks givin' to the most  
for the host of believers and this ghetto child's  
acheivements  
to all the berevements we are...

[CHORUS]

[KEYKOOL]

Life is LOVE my wife is LOVE  
impossible not to write this LOVE won't fight this LOVE  
but I'll fight for what's inside my blood and beliefs  
passed through my ancestry and family tree  
from my grandparents to my parents to me  
helped me get through the dark when I could barely  
see  
thank you for taking care of me and caring for me  
this one goes to those who show us L-O-V-E

[DANNU]

Don't stop saying what LOVE I'll say it with you  
the music that we make and working out the kinks and  
issues  
I'm seeing how the scene needs variety arts  
just applying good ethics and LOVE is where it starts  
got a lot of LOVE though from musicians to the fans  
walking life in many circles understood in many lands  
feels good where I stand much higher to go  
take the time to say peace see you at the next show  
(see you at the next show)
