Yes, yes 3x

[Chorus] 2X

Yes, Yes

Los Angeles fresh, Los Angeles fresh

Yes, Yes, Yes

Los Angeles fresh, Los Angeles fresh, Los Angeles
fresh

Bright lights

Bust stops

Like cops

Pop locks

Chain linked fence henceforth

Talent is received

All sorts of goals achieved

Reach souls

Tore down divisions like Berlin straight as poles

Waving flags you're in tune

With maroon moon

As time flies friendly skies

Visionaries take the red out your eyes

Suit the flies with this application

Loving is my occupation

Recycle hesitation

Back and forth pacing

Speak or basing

Humans racing

Loving when they're hating

Take it evil feeling backwards to live

Every time I bust I got something to give

An individual who remains invisible

Indivisible

My habitual ritual

Is to uplift all those who are willing

Living in a city where the devil makes a killing

Dealing lost angles

Material things

Plus I gotcha to hot

Burnt off the wings

Mic dreams to pipe dreams
Villages of right teams
Were enlightening with what we say
K.O.O.L will make you l.o.o.k
In a different type of way for L.A., C.A.

[Chorus] 2X

[2mex]
I am an Indian alien
Alien Indian
Mexican medicine, messages of oxygen
Now support the easier limb
Be one without and you will live easier
That's easier man
Love the one your with
I repeat love the one your with
External beauty is just a temporary myth
Some things always trying take away your gift
Never walk away wondering if
Life was fake
My sister is great
They call me Mr. Mistake
I kissed this girl on a date
I couldn't wait
She was like chill
It wasn't gods will
Of Mexican descent I am still
