(Rob One's answering machine)

Yo wassup everybody, you've reached Rob One from  
CBS Crew.

check it out tonight tonight only, I'm having a little  
shindig

at my crib. I want everybody to come through, all the  
ladies,

all the ladies are gonna be in the house. Visionary Crew  
rocking it, on the 1 and 2's, DJ Rhett. So check it out,  
come through, leave the message and I'll get back to  
you.

Peace!

(Rob One)

Yo good looking out. Thanks for coming through yo,  
ayo

everybody, people check it! No one go in my room, my  
room

is off limits alright? Yo, have a good time alright?

(2Mex)

Stepped into the party tardy and it's already gotten  
hyper

Visionary Crew receives more hugs than the diapers  
??? mugs of juice like a windshield wiper

Looking for the homies with the drugs in the cipher

(Dannu)

Who got a lighter?

Bout to make the shiny faces a little brighter

Me and LMNO hit the bar for a Malibu Hulk,

Got my fade while Key made his way to the vault,

Three man assault

(Key Kool)

So many hunnies in the spot, it's ridiculous

But my current goal is to be inconspicuous

Flip on the fog machine and the laser beams

Weaved through the crowd like a fish swimming down  
the stream

(2Mex)

Strolled into the kitchen, a minute later  
I'm playing the role of the waiter  
Serving pate to everybody in the party  
On a silver tray high society,  
ready to come and take anybody in my way

(Dannu)

Lookin around, found my way to a plugged mic  
Said, Visionaries are hear tonight  
Slightly, spoke a few rhymes, killed some few lines  
Even said...just to give Key more time

(Key Kool)

Slipped into the hallways lo-key  
2Mex's special pate got people tilted so nobody knows  
this is me  
Plus Dannu got the party acting unruly  
I put the skeleton in the lock for room entry

(2Mex)

I see Key Kool in the bedroom  
Ooh, and here comes Rob One  
At the same time Dannu yells "Sun God Suns!"  
Aww man I don't know what to do  
So I throw up my "W" and I yell out  
"Afterlife! Visionary Crew!"

(Dannu)

I'm in search of, another base to deface  
Wasting more time than sane procrastination  
Handsome crackin at your mom straight facing  
Speaking of, how much more time will Key keep taking?

(Key Kool)

No time to waste, I skip looking through the crates  
I know the goods have to be up in the safe  
Put the stethoscope to the door to hear the "click"  
Turn the knob left and right, three clicks for three  
stops

(2Mex)

I'm jockin Dannu on the mic  
Then all of a sudden enters the girl that Rob One likes  
I grab his shoulder back, I say whats up quarterback  
You better get behind that center and make her snap!

(Dannu)

Times up, show's about to start  
I could tell our job was done by the way 2Mex remarked  
Act like we can't do that, when in fact we just scored

Time to rock the party, got what we came for

(Key Kool)

2Mex and Dannu are done warming up the spot  
I'm almost out of time as I look at my watch  
Popped the lock without breaking,  
Hear a knock, no waiting  
Grabbed what I need and exit the window with speed  
Give the goods to Zen at point A  
He makes his way over to the DJ stand  
With the wax in his hand...

(Zen)

Excuse me, excuse me, hey, hey Rhett! Rhett! Rhett!  
We got it

(LMNO)

On behalf of Rob One, myself LMNO, Visionaries in  
effect  
yeah yeah yeah check it out. Yo, I just wanna start it off,  
from the bottom of our hearts we appreciate you  
coming  
out to this shindig....hey Rhett, you ready to set this?  
Hey Rhett you ready?.....

(Rhett's Pager)

Yo this is DJ Rhettmatic of the Beat Junkies, Visionary  
Crew,  
and Key Kool & Rhettmatic, you've reached my  
voicemail and  
pager. Please leave a brief message right after the  
beep, or  
punch in your digits and area code, and I'll get back  
with  
you as soon as I can

(Rob One)

Yo wassup Rhett, it's Rob One. Damn! Remember those  
records I borrowed from you the other day? Doubles of  
uh  
Superlover Scene Cassanova Ride? Well, doesn't look  
like  
you'll be seeing them again cause uh, I think I might  
have  
misplaced them. Ayo hit me back on the pager alright?  
Peace. Sorry
