QB

Chitown

Money make the world go round

Money make the world go round

(What? Go money)

Money makes the world go round

TM

Yo for those who live the way that I live

We came a long way

From wiping coal outta eyelids to rap's hottest

Fake Gazelles to black Pradas

Selling nicks to trey bags to making hits like Kidada

Jones' father

OG's would send me to the store with a dollar

Hit me with some wise advice for me to follow

Ain't nothing free in the world in life

No matter who you are, everybody got they price

And some cost more than other's

When you poor, it's like life ain't even worth living

But when you rich, it's every fat ass worth hittin'

With no chips, your drawers just stay on your hips

I play with the six cuz money make the whole world spin

But without the Franklin faces, you see who's your real

friends

It's V-12's, honeys on the cell, bobbin' out the JBL

It's Nas and R. Kell

[R. Kelly]

Never thought that I'd ever live this life

Money stacked in rolls, honeys on each side

Anything I want, I can say it's mine

No more worries 'bout how can I provide

[KP] Money makes the world go round

[Nas] (Nuttin' move but the money)

[R] You believe it if you want to

[KP] Money makes the world go round

[Nas] (Said nuttin' move but the money)

[R. Kelly]

Oh, many say it's wrong cuz I love to spend

Ice in everything countin' Benjamins

All I wanna do try, and let you know

If you don't believe, ask someone who's broke
[KP] Money makes the world go round
[Nas] (Money makes the world go round)
[R] You believe it if you want to
[KP] Money makes the world go round
[R] Yes it does
[Nas] (Still nuttin' move but the money)
[R] Said money makes the world go round
[Nas] (Money make the world go round, what?
Still nuttin' move but the money)
[R] Nothing but the money
[KP] Money makes the world go round
[R] Yes it does
[R] Feels so good, yeah, yeah
[KP] So good, this life I finally live
[R] And feels so real
[KP] So real this freedom I finally feel
[R] Show me the money
[KP] Money makes the world go round
[Nas] (Go money, go money)
[R] You believe it if you want to
[KP] Money makes the world go round
[Nas] (Go money, go money, yo)
[R] Said that almighty dollar
[KP] Money makes the world go round
[R] Yes it does
[Nas] (Still don't nuttin' move but the money)
[R] This brother's got to have it
[KP] Money makes the world go round
[R] From sun up till the sun goes down
[Nas] (Yeah, what?)
[R] So much money
[KP] Money makes the world go round
[R] Hey, makes the world go round
[KP] Money makes the world go round
[KP] Money makes the world go round
[R] Show me a man that don't need money
[KP] Money makes the world go around
[R] And I'll show you a world
[Nas] (Show me a world)
[R] Standing still, oh
[KP] Money makes the world go round
[R] Yes it does, talking 'bout the loot
[KP] Money makes the world go round
