Everyone you meet  
the children in the street are swaying  
To the rhythm  
there's something moving in them.  
There's no place to hide  
So why even try.  
Can't you hear it coming your way it's here to stay  
Music in our walk -  
Music when we talk.  
It's really something magic  
to lose it would be tragic.  
Can't you feel the sound  
Moving through the ground  
music makes the world go around.

You can't stop the music  
nobody can stop the music.  
Take the cold from the snow  
tell the trees "don't grow"

Tell the wind "don't blow"  
'cause it's easier no!  
You can't stop the music  
nobody can stop the music.  
Take the spark from love  
make the rain fall up

Cause that's easier to do.

Moving with the wind.  
Since the world began the beat is gonna get cha'

The beat is gonna get cha'  
Music for the blues  
For young dancing shoes  
There's music in the way that we kiss  
You can't resist moving through the trees

Buzzing with the bees

The sound is getting louder  
the sound is getting louder.

Music when we play  
when we kneel to pray

There's music in the sound of the wind.  
You can't stop the music

Nobody can stop the music.  
Take the heat from flame

Try not feeling pain

Though you try in vain

It's much easier no!  
You can't stop the music

Nobody can stop the music.  
Change the master plan

Take the hope from man

Cause that's easier to do.

On the radio  
on every TV show

For each and every reason

In each and every season.  
Music when we love  
for the moon above

Music for the show of life that never ends.

Music on a plane  
music on a train

Sailing on the ocean  
music in the motion

Music in your car  
at your local bar

There's music when you look at a star.

You can stop the music  
nobody can stop the music.  
Keep two lovers apart  
mend a broken heart

Catch a falling star

that's much easier to do.

No! You can stop the music

Nobody can stop the music.  
Tell the sun "Don't shine"

Stop old father time

'Cause that's easier to do.

You can stop the music  
nobody can stop the music.  
Take the cold from the snow
