I saw your eyes

I had to run away

I fell to deep in love

There were no words to say

I just had to get high

One look inside

And I knew right away

I felt too much

I did not have the strength

I just ran to get high

But lover theres something about you pushing me

Pulling me I saw your eyes

Fell into yesterday

An only child

Untill you let me stay

I ha no one on my side

Too weak to stand

Too scared to love again

The damn has broke

My soul is spilling all over your hands

Take a look in my eyes

Lover

There's something about your pushing me

Pulling me

That's saying don't go away

Ain't never gonna be another

I see your eyes

I'll never run away

I fell too deep in love

Got just five words to say

I just gotta stay high
