Meet a girl I met Carolina  
her parents jumped off Niagara Falls  
she broke her hips when she was a baby  
trying to hop the Berlin wall  
it's not that she's anti-American  
Although she shot a mayor at nine  
he looked just like the prez on T.V  
she didn't know in '63 he had died  
Does she think this world is all wrong  
Does she think I'll rob her and run  
When I ask where she gets her gun  
And simply says scat boy scat scat  
But isn't it a wonderful world Carolina  
Look at the birds in the sky  
Jehovah made this whole joint for you Carolina  
And isn't it so wonderful to be alive  
So original in her black lipstick  
Listening to some obscure band  
But isn't she pissed at all the other non-conformists  
who listen to that same obscure band  
But thats OK shes helping the enviroment

By sipping on pure water and such  
Then screams we better start thinking about the OZone  
layer, While tossing out a Styrofoam cup  
Does she think this world is all wrong  
Does she think I'll rob her and run  
When I ask her where she gets her gun  
She simply says scat boy scat scat  
But isn't it a wonderful world Carolina  
Look at the birds in the sky  
Jehovah made this whole joint for you Carolina  
So isn't it so wonderful to be alive  
Real deep shit on her mind  
"Let's kill the world, take over everything"  
She says "We dont need politicians, they breed  
mistrust, And as a matter of fact did you steal my  
purse?"  
Yeah, but isn't it a wonderful world Carolina  
look at the birds in the sky  
Jehovah made this whole joint for you Carolina  
So isn't it wonderful to be alive  
Huh inn't beautiful to be a...  
Isn't it wonderful to be alive...  
Fuck yeah, it's so wonderful I feel like..  
dying, dying, dying, dying  
...Smiling
