She came from a world that is so far out

Roller skating into my life I never had no doubt

She asked where to get that velvet colored hair

I said I got lot's more somewhere

If you touch my big \_\_\_\_

And she said I come from a world that is so far out

And I said so do I

And she may not be the worlds solution

But shes a world class revolution

Technicolor lover

Rate my heart

Technicolor lover

Sate my heart

Technicolor lover

Take my heart...now

(lather, rinse, repeat
