He's been married before Verse 1
And so have I
Everywhere we turn
There's a caution light

The first time, love broke my heart Chorus
The second break made me strong
Skin tough as leather, heart wrapped in armour
Third time is the charm

I wasn't looking Verse 2
For anyone
His voice called to me
Like a favorite song

The first time, love broke my heart Chorus
The second break made me strong
Skin tough as leather, heart wrapped in armour
Third time is the charm

And all the time I wasted Bridge
Feeling sorry
Love was always
Waiting for me

When I whisper his name Verse 3
He listens
When we're apart
I always miss him

The first time love broke my heart Chorus
The second break made me strong
Skin tough as leather, heart wrapped in armour
Third time is the charm
