(Nits)
I tried to be afraid
But you said that it was too late
I tried to be alone
But you said that I wanted this home
I try I try I try
I try to be like you
But you never wanted that I
Wanted it too
But I try to be around
Somehow, sometime I was found
I try I try I try
I have seen mirrors black

In a room by the sea
When we came back
Sometimes it's a sunny day
You lift your head and walk away
I try I try I try
I tried to be afraid
But you said that it was too late
I tried to be alone
But you said that I wanted this home
