I touch the face I feel no skin
Deceitful feelings can't hide my tears
And I lick my lips and I feel no taste
Animosity is all what's left
I'm almost dead keep me alive
I have to exist to destroy myself
I need some help don't help me now
You'll have to wait
Until I say where and how
I'm ready now
I wish I'll be dead
I told you how
To blow up my head
I touch my head it's still in one piece
You didn't help me though I said please
Another attempt gunpowder is placed
Listen to me I will say fire
I'm ready now
I wish I'll be dead
I told you how
To blow up my head
Blow up my head
Thousand pieces of brain
Blow up my head
Fireworks in the sky
Blow up my head
Entertain the audience
Blow up my head
I feel no pain
