Big talking motherfucker with a pension to ruin the scene  
Start my days off with a dose of methamphetamine  
A few lines of blow and a quick pint of whiskey  
Drive into the party don't give a fucking shit if it's risky

Cause I'm a man  
I got a big fucking dick  
I got a big fat fucking wallet  
and I'm set

Hot walking bitch ass whore with a knack to spread the word  
Spend my nights in random beds and doing the absurd  
Fucked the list from the first A to last Z  
Wonder why my mouth's dry and it burns when I pee

Cause I'm a chick  
I got big fucking titties  
I got expensive fucking clothes  
and I'm set

Coming down like a ten ton hammer on a window pane  
I'll tear your world down and leave on you a stain  
I take the powerful leave em' weak and confused  
Now you'll know how it feels to be abused

Cause I'm reality  
I got truth and know-how  
I got the initial to bring you down  
and I win in the end

Laughin' as you drown down in the shallow end of the gene pool  
Dumb motherfucking idiots
