Something comes from this nothing  
Nothing came from everything  
Am I sane or just fuckin' manic  
Whipped into a flurry I panic  
Stained with blood and evidence  
Testimonial epithets  
Take the fall for nothing  
In this I still gain something  
Something  
Something  
Something

Dare to drift beyond the realm  
In your place or on the helm  
Spread apart and beat it in  
Drown your soul in shame and sin  
Smell the fire as they burn  
Each and every one in turn  
And we admit we're fucking  
Up but hey ain't it something  
Something  
Something  
Something  
Something  
Something  
Something  
Something

Take your little monotone  
Mentally corrupt ozone  
Look out through the broken glass  
Count the shards of your past  
Eat the shame of life again  
Mind becomes a skeleton  
Find me lost and crumbling  
Didn't know I lost something  
Something  
Something  
Something  
Something  
Something

Something  
Something
