Take this  
Make amends  
Who needs a real sense?  
Inside  
Expand and grow  
Outside the common fence  
World  
Thought ya knew  
Until you tasted the universe  
Ingest  
Digest  
Lift the burden of usual curse

It's killing me to live the way I want to

Smile  
I love the sin  
Digging to feel much more  
Saturate  
Alieveate  
Elevate this addicted whore  
Cut here  
Slip away  
Realms of the new and unexplored  
Find out  
Can't get enough  
Damned to crave much more

It's killing me to live this way  
It's killing me to live the way I want to
