Oh, come on in and take your coat off
Oh, come on in and sit down
'Cause if I seem a little nervous
And I've been walkin' shaky ground

I've been alone since she left me
And I'm not quite sure what to do
So if I call her name I'm sorry
'Cause all those years are hard to lose

And all those years with just one woman
Was all gone in just a day
And all those years with just one woman
Makes it hard to try to find a brand new way
After all those years

I guess I should take down her picture
And try to put your mind at ease
And tell myself it's really over
And put aside this misery

All those years with just one woman
Was all gone in just a day
And all those years with just one woman
Makes it hard to try to find a brand new way
After all those years
