Vince Gill & Shelby Lynne

When the Texas moon is shining down on Austin
When it shines across the Rio Grande
When it comes to making love under the stars above
Well honey, I'll take Texas everytime.

We danced every ballroom down in Beaumont
And we strolled the river walk in San Antone
Well, it's where we fell in love like two young turtle
doves
Honey, I'll take Texas everytime.

--- Instrumental ---

When it comes to making love
Under the stars above
Honey, I'll take Texas
Yeah honey, you know I'll take Texas.

Honey, I'll take Texas everytime...
