Have I gone crazy
Is there someone new
Something strange is goin' on
Between me and you

But tell me, baby
Tell me it's not true
'Cause I've been hearin' things
About you

Are you unhappy?
Are you lonely too?
Won't you tell me face to face
What you're gonna do?

Well, I still love you
But I'm nobody's fool
I've been hearin' things
About you

Yeah, I heard you've been dancin'
When you're out there runnin' 'round
And I heard you've been seein'
Some stranger you have found

And I heard you've been thinkin'
About tellin' me we're through
Yeah, I've been hearin' things
About you

Yeah, I heard you've been thinkin'
About tellin' me we're through
I've been hearin' things
Oh, I ain't naming names

I've been hearin' things
About you
