You've got my number  
And you've got my name  
So why don't you call me  
Little Liza Jane?

You've got that body  
And you've got that frame  
So why don't you call me  
Little Liza Jane?

Girl, I got it bad for you  
There ain't nothin' I won't do  
Just one kiss and I'll never be the same  
Little Liza Jane, oh, little Liza Jane

Now you've heard my story  
And you've got to know my name  
So why don't you call me  
Little Liza Jane?

Girl, I got it bad for you  
There ain't nothin' I won't do  
Just one kiss and I'll never be the same  
Little Liza Jane, oh, little Liza Jane  
Little Liza Jane, little Liza Jane
