From my room I can hear you laughing
You spend all your time with my best friend
Oh, I wish you knew how bad I've fallen for you
There's no way to know how things may end

'Cause babe, I don't know where to start
Longing is the hardest part
There ain't no easy way into your heart

In my mind I can see us together
Crazy in love and paintin' the town
When you look at him I know there's no way I can win
I came running for you, would you turn me down?

'Cause babe, I don't know where to start
Longing is the hardest part
There ain't no easy way into your heart

Babe, I don't know where to start
Longing is the hardest part
There ain't no easy way into your heart

Babe, I don't know where to start
Longing is the hardest part
There ain't no easy way into your heart
