Do you ever think of me when you lay your head down
Do you ever think of me when he ain't around
Do you ever wonder why our love couldn't be
Ever since you said goodbye do you ever think of me
Savannah the mem'ry just won't fade
Savannah I sure wish you'd stayed with me Savannah.

Do you ever see my face in your new lover's eyes
Has my memory been erased am I out of your mind
I still remember our first night we made love so
tenderly
So when he doesn't hold you right do you ever think of
me
Savannah the mem'ry just won't fade
Savannah I sure wish you'd stayed with me Savannah.

--- Instrumental ---

If he ever lets you down happiness just can't be found
I'll still be here hanging round Savannah.

Savannah (do you ever think of me).
Savannah (do you ever think of me).
Savannah (do you ever think of me).
Savannah (do you ever think of me).
Savannah (do you ever think of me)...
