I wipe a tear away  
As I give up this day  
Wonderin' if I'll ever find someone  
And when I close my eyes and dream  
These are the words I'm whispering

Someday Love Will Come

I won't have a doubt  
My head up in the clouds  
An' certain as the morning sun  
I will always believe  
There's somebody just for me

Someday Love Will Come

(chorus)  
Someday  
After all these nights of waiting  
Someday  
I'll find a chance worth taking  
Saving  
Me  
From waking up alone  
My heart will find a home...  
Someday

And she'll be soo beautiful  
The sweetest miracle  
Someday Love Will Come

(chorus)

And when I close my eyes an' dream  
These are the words I'm whispering

Someday Love Will Come  
...Somday Love Will Come.....
