(Reba)

Looking back over the years  
Of all the things I've always meant to say  
But the words didnt come easily  
So many times, through empty fears  
Of all the nights I tried to pick up the phone  
So scared of who might be answering  
You try to live your life from day to day  
But seeing you across the room tonight  
Just gives me away

(Refrain)

Cause the heart wont lie  
Sometimes life gets in the way  
But theres one thing that wont change  
I know, I tried  
The heart wont lie  
You can live your alibi  
Who can see your lost inside a foolish disguise  
The heart wont lie

(Vince)

Long after tonight  
Will you still hear my voice through the radio?  
Old desires make us act carelessly  
Long after the night, after the fire  
After the scattered ashes fly through the four winds  
Blown and gone  
Will you come back to me?  
You try to live your life from day to day  
But seeing you across the room tonight  
Just gives me away

(Refrain)

Cause the heart wont lie  
Sometimes life gets in the way  
But theres one thing that wont change  
I know, I tried  
The heart wont lie

You can live your alibi  
Who can see your lost inside a foolish disguise  
The heart wont lie

The heart wont lie
