Now I ain't the best lookin' guy in the world
And I ain't got much money at all
But when our eyes met, I'll never forget
And for you I could easily fall

So why don't we just keep on dancin'
While the band sings an old country song
Well, I won't be depressed if I ain't the best
But will I do 'til the best comes along

I ain't got a mansion on some mountain top
And I ain't got no long limousine
But I've got a heart as warm as the sun
And could love you like you've never seen

So why don't we just keep on dancin'
While the band sings an old country song
Well, I won't be depressed if I ain't the best
But will I do 'til the best comes along

No, I won't be depressed if I ain't the best
But will I do 'til the best comes along
