I may not look like much but I think that with your touch  
I could be somebody you'd be proud of.

Lend me a hand, understand I've been such a lonely  
man.

Help me find the hope I've run out of.

Turn around, turn me on, turn me to love.

Chorus:

Break these chains that surround my heart.

They've been there long enough.

Take my life, you could fix it up.

Turn me around, turn me on, turn me to love.

I know you will know just what to do

You could help me find a new direction.

I need to live for a change, get my world reshaped

I think you might be my love connection.

Turn me around, turn me on, turn me to love...
