Today at work I overheard a name  
I knew it wasn't yours, but it touched me just the same  
It felt so good to have you in my mind  
Guess I'm the sentimental kind

Ooh I wonder who you became  
Did you change the world or play the game  
We came so close to love back then  
We could have been

You were so brave when I was shy  
I made you laugh when something made you cry  
And I don't think we ever said goodbye  
Now I'll always wonder why

Oh I wonder who you became  
Did you change the world or play the game  
We came so close to love back then  
We could have been

A time or two, I thought about calling  
But something always gets in the way  
Maybe I'm afraid you'd really answer  
What would I say to you

Oh I wonder who you became  
Did you change the world or play the game  
We came so close to love back then  
We could have been, we could have been
