I know it ain't none of my business
When it comes to the affairs of your heart
It's really hard for me to say this
But you trouble's gettin' ready to start
Well I've heard you say how much you love him
And you think someday you'll be his bride
Baby, you just can't trust him
'Cause I've known the boy all of my life

So you better think twice before you roll the dice
Yeah you better think twice before you give your heart
away

You really must think I'm somethin'
Talkin' trash about my best friend
I just hate to see you wind up with nothin'
'Cause you're way too good for him
And I know that you don't believe me
But I've been with him when he's runnin' around
He don't mean to hurt nobody
He ain't never gonna settle down

So you better think twice before you roll the dice
Yeah you better think twice before you give your heart
away
Yeah baby

Yeah you better think twice before you roll the dice
Yeah you better think twice before you give your heart
away

Yeah you better think twice before you roll the dice
Yeah you better think twice before you give your heart
away

Better think twice
Better think twice
Better think twice
