I could be a singer, I could rock your world
Everyone would know my name
I would make a fortune, I would score some girls
I would change the hall of fame

Well I don't know (I don't know)
Where I'll go (Where I'll go)
I don't know where I'm going now

I could be your hero, I could make your day
I would never turn away
I could be your lover, I would share your life
I would keep you satisfied

Well I don't know (I don't know)
Where I'll go (Where I'll go)
I don't know where I'm going now

These could be the best days of our life
(But you better be sure when everything comes
around)
These could be the best days of our lives

I could be commercial, I could sell my soul
I guess that I would lose control
I could be an actor, I could live your dream
I would play the one who's mean

But I don't know (I don't know)
Where I'll go
But I could do it better, I could change the weather
In my life, in my life

These could be the best days of our life
(But you better be sure when everything comes
around)
This could be the time you get it right

This could be the turning, don't you understand
I could hold the world in the palm of my hand
I could make it happen, I could kiss your ass goodbye

[SOLO]

These could be the best days of our life
(But you better be sure when everything comes
around)
These could be the best days of our lives

These could be the best days of our lives
And we're seeing thing that they'll never see
We're living the American dream

We're living the American dream
