"Count to Eight"

One two, I wanna be the one who's there for you
Three four, why don't you love me like you did before
How could we make this promise, when we don't even
trust ourselves
How could we miss this moment, when we don't even
have the time to wait

[CHORUS]

Five six, you couldn't fool me with your dirty tricks
Seven eight, I wanna ask you why you couldn't wait
Is it all too late

[CHORUS]

I want you to stay
I want you to wait
You know it isn't all too late x2
Forget yesterday
It isn't too late
You know I want you anyway
I want you to wait

[CHORUS x2]
