After twelve
Not so well
Won't the breakfast sisters tell
What's 'round this bend
No disgrace, About this
Only thing I dare to chase
You down again

You know
Nothing hurts like losing
When ya know what's really gone
Except all the blame
And I'm choosin
Won't you long

(Chorus)
I tried it your way
But I got nothing to show
It's been the same, same
And the story's getting old
So I guess the driveway
Will be the end of the road
For us it's too late
And the credits start to roll

A lot to say, About today
Let the radio break the silence
As we drive
A kiss goodbye
Not this time
Don't remember about this song
I never liked

You know,
Nothing hurts like losing

When ya know it's already gone
It's just all the blame
And I'm choosin
Won't you long

(Chorus)

I tried it your way
But I got nothing to show
It's been the same, same
And the story's getting old
I guess the driveway
Will be the end of the road
For us it's too late
And the credits start to roll

I thought you knew everything about me
But I know
Nothing at all
I watched your tail lights fading
I'll try to do it all
I remember what it feels like
To know love
And have it taken away
I can't think of what I learned right now
But I'll thinking of you someday

I tried it your way
But I got nothing to show
It's been the same, same
And the story's getting old
I guess the driveway
Will be the end of the road
For us it's too late
And the credits start to roll

Roool

Credits start to roll (oooh)

I guess the driveway
End of the road (end of the road)
